

INCLUSIVE EMPLOYMENT AUSTRALIA MARKET ADJUSTMENT SUPPORT

Support and assistance for new organisations commencing delivery of the Inclusive Employment Australia or National Panel of Assessors services from 1 November 2025

Personalised onboarding process to familiarise your organisation with the requirements, expectations, and best practices of the sector, facilitate networking and collaboration opportunities to build relationships and access to expertise for guidance on specific challenges and opportunities.

Our support will be in collaboration with a wide range of industry partners covering HR, Insurance, Superannuation, Reporting, technology and AI.

Networking Opportunities:

Facilitating introductions and networking events to help new entrants connect with key stakeholders and peers to foster sharing of best practice and cross-sector collaboration

Connection to Resource:

Providing comprehensive overview of the range of available resources, including Learning Centre, Portals, and Local Jobs Coordinator and other government resources supporting employment services and NDIS

Startup Workshops:

Conducting workshops focused on the essentials of starting up in the disability employment sector, including compliance, best practices, and operational strategies

Understanding the contract and performance management expectations

Support and feedback to socialise new entrants to the sector and a managed market ensuring successful integration and effective service delivery on commencement

Certifications

Support and assistance navigating the range of certification and audits required under IEA and NPA

Help you recruit quality staff:

NESA services will support providers and staff in finding new roles and or employers, provide information on suggested models and processes to ensure quick and efficient operation.
